*Jesse Aviles, EPA VB/I-70 Project Manager*

- ❖ What is a Superfund Site?
- ❖ Where is the VB/I-70 Superfund Site? What are the boundaries?
- ❖ What are the three parts to it? (describe the three operable units)
- ❖ Why was it listed as a Superfund Site? (What was the potential risk?)
- ❖ Who is involved? Roles of EPA/State/City/Community

*Questions & Answers*

#### **VB/I-70 Superfund Site Status 6:00**

**OUI- Deletion Discussion, Jesse Aviles, EPA Project Manager**

- ❖ Basis for proposed deletion of OU, residential soils, from the National Priorities List of Superfund Sites
- ❖ Public comment process and timing

*Questions & Answers*

**OU2 – Remedial Investigation update, Jesse Aviles, EPA Project Manager &**

**6:20**

*Kara Edewaard, Denver Department of Public Health and Environment*

- ❖ Recap of remedial investigation at OU2 to-date
- ❖ Status of the Revised Remedial Investigation Scope Current remedial investigation activity
- ❖ Next steps

*Questions & Answers*

**Commented [EK-DEPM1]:** Jesse and Jennifer, I do not recommend presenting on the Revised RI scope of work until we have concurrence between EPA and the CCD on that scope.

We may have concurrence following our March 11<sup>th</sup> meeting. And if so, Jesse and I can present on the Revised RI scope. If not, I suggest only discussing the scoping status and our proposed timeline to finalize the scope.

**OU3 – Remedial Investigation update, Jesse Aviles, EPA Project Manager**

**6:40**

- ❖ Recap of OU3 remedial investigation at OU3 to-date
- ❖ Current remedial investigation activity
- ❖ Next steps

*Questions & Answers*

**Additional Activities:**

**6:50**

**Globeville Landing Outfall Removal Action Update, Kara Edewaard Denver Department of Public Health and Environment**

**Commented [EK-DEPM2]:** Jesse and Jennifer, Jesse and I can discuss the status of Construction Completion Report and Closure of the AOC.

I can mention that the draft 2018 GLOEMMP report was submitted to EPA in February. I can also provide information on the 2019 monitoring and maintenance activities.

**Wrap Up:**

**Upcoming public input opportunities, Jesse Aviles, EPA Project Manager**

**7:00**

**Open Discussion**

**7:10**

**Meeting Close**

**7:30**
